3.

Your signature is required to proceed with this job

Date

NOTE: If there are no changes, please return only this proof sheet. Thank you.

Construction Break

Kapp Construction, Inc... "Building On Efficiency"

Winter 2009

Students at the recently completed Springfield High School prepare to cut the ribbon beginning a new era in Springfield.

Welcome to the New Springfield High School

Kapp Construction, in a joint venture with Ruscilli Construction of Columbus, has been managing the new construction of all school buildings for the Springfield city schools for the past eight years. The recent completion of the new Springfield High School marks the end of the project's construction phase.

At more than \$170 million, the Springfield city schools was the largest project to date for the Ohio Schools Facility Commission, which has been charged with providing appropriate funding to help rebuild the infrastructure of the state's public education system.

But building new schools is only one step in again producing excellent education for our young people in the Springfield community. Kapp Construction is especially proud to have been a key participant in this process and we look forward to continuing to support education in our community.

Congratulations, Springfield! We now have a new school system of which to be proud. Let's join together to ensure the effectiveness of our educational system.

Randy Kapp, president of Kapp Construction, addresses the audience at the dedication of the new Springfield High School. Randy made a strong call to the community leadership to join together to make a difference in the Springfield community. He also challenged the business community to step up and develop new and innovative ways to support local education and work to keep the best and brightest that Springfield has to offer right here as the new leadership for the next 100 years.

The newly constructed Bill Marine Honda dealership lights up the night in Springfield.

New Dealership

Kapp Construction Congratulates Bill Marine Honda

Bill Marine is continuing a long commitment to the downtown Springfield community with the opening of his new 20,000-square-foot Honda dealership. Built on two acres adjoining the existing Bill Marine Auto Complex, this ultra-modern building is the latest in Honda's design.

In moving the Honda dealership to this new facility, Bill Marine Auto is able to not only expand the highly successful Honda line, but also make room for the Chrysler, Jeep, Mazda and Volkswagen vehicles offered at the dealership. The new Honda facility features crafted millwork, granite tile and a number of stylish features that set the building apart. The showroom is appointed in Honda blue, with high-efficiency lighting, heating and cooling systems. This will reduce operational costs and support the building's overall efficiency and cost savings.

The new showroom floor.

The showroom is appointed in Honda blue, with high-efficiency lighting, heating and cooling systems. This will reduce operational costs and support the building's overall efficiency and cost savings.

We at Kapp Construction are proud to have been a part of this expansion and congratulate everyone at Bill Marine Honda on their new facility.

Our Holiday Message

2008 has been a difficult year for many in this country, with prices rising for everything from gasoline and fuel for heating to food and other necessities, declining home values, job losses, the Wall Street mortgage mess, not to mention our ongoing military conflicts.

But, regardless of our problems, Americans have demonstrated, as they have for more than 230 years, the spirit and resolve that's made this country what it is. We recently elected new leaders following a hard-fought, yet orderly, process that reinforced our commitment to democracy. It's our fervent hope that those we have chosen can, and will, address the issues and head us back in the right direction.

Here at Kapp Construction, we look ahead to the promise that the new year brings. We are grateful to have a successful business, with dedicated, hardworking employees, outstanding building team partners, supportive corporate friends and, of course, loyal clients. You are the heart and soul of our company, without whom our success would not be possible.

The entire Kapp Construction team wishes you safe and healthy holidays and a year ahead filled with happiness, opportunity and prosperity.
