**National Association of Church Design Builders Schedules Nationwide Seminars on Church Management, Growth and Architecture**

ARLINGTON, Texas – Architectural trends, certification programs and other topics integral to the successful growth of a church will be the focus of National Association of Church Design Builders (NACDB) workshops and seminars scheduled nationwide in July, September and October.

“These seminars address the latest advances in the changing needs of churches from a design and architecture standpoint,” said Greg Barron, president of both G.L. Barron Company and the NACDB, an organization that provides religious and other non-profit groups with information on the planning, design and construction of churches and church-related facilities.

“We have gathered leading construction and architectural professionals to share their expertise and experience in this increasingly important area.”

Events and topics to be covered include:

- “Building the Church”, Sept. 8, in Clemmons, N.C.
- “Architectural & Construction Trends and Sound Advice”, Oct. 11, in Indianapolis, Ind.
- “Architectural & Construction Trends”, Oct. 13, in Fresno, Calif.

-MORE-

- “Architectural & Construction Trends”, Oct. 20, in Atlanta, Ga.
- “Architectural & Construction Trends”, Oct. 27, in Orlando, Fla.

The NACDB appears at the National Association of Church Business Administrators (NACBA) conference on July 8-10 in Keystone, Colo.

More information on the NACDB is available at the organization’s web site, [www.nacdb.com](http://www.nacdb.com).
