National Association of Church Design Builders Announces New Members

ARLINGTON, Texas – (Feb. 3, 2009) – The National Association of Church Design Builders (NACDB), an organization that serves as a resource for the planning, design, construction and furnishing of churches and church-related facilities, has recently added two new Design/Builder and four Church Resource members.

Design/Builder Members

- **Colarelli Construction**, Colorado Springs, Colo.

www.colarelliconstruction.com

Colarelli Construction provides support in the areas of construction management, general contracting, design/build, project management, design management, site selection, property assessment and evaluation and facilities maintenance.

- **Magill Construction Company, Inc.**, Elkhorn, Wis.

www.magillconstruction.com

Founded in 1953 by Robert Magill, Magill Construction Company, Inc. is a family-owned, Christian based, full-service general contractor that has built a reputation for identifying and executing best practices that create a better solution for businesses. Magill offers a broad scope of construction services that range from construction management to design/build for their clients in Wisconsin and a portion of upper Illinois.

Church Resource Members

- **CORE-Design Group, LLC**, York, Pa.

www.core-designgroup.com

CORE – Design Group is an architectural and structural engineering firm with offices in Pennsylvania and Maryland and projects throughout the eastern coast of the United States. CORE creates designs for clients in the ecclesiastical, corporate, commercial, private, institutional and manufacturing sectors. CORE's services include site and

building model analysis, programming, space planning design, 3D visual support and construction phase services.

- **Future Pro, Inc.**, Inman, Kan.

www.futureproinc.com

Future Pro supplies churches, schools and colleges with sports equipment for teams and recreation.

- **Polk Mechanical Company, LLC**, Grand Prairie, Texas

www.polkmechanical.com

Polk Mechanical Company is a diversified mechanical services provider, serving the commercial and industrial markets in the Dallas-Fort Worth and the Houston-Bay area. Polk Mechanical installs and services the equipment and systems that allow customer's facilities to operate reliably.

- **WFC Constructors, Inc.**, Fort Worth, Texas

WFC Constructors provide quality building products for specific or multi-purpose use, directly or through other general contractors.

“With every new member who joins, our organization becomes stronger,” said Tobey Van Wormer, executive director of the NACDB. “Each brings a unique perspective that helps the NACDB evolve with the industry. We are committed to offering our members an open platform of communication to congregations around the country.”

All members and associate members of the NACDB are among a select group of church designers, construction experts, service suppliers, and material suppliers who contribute their knowledge and learn from to better serve their clients. Members align with the NACDB so that they can offer clients the most innovative options in church construction.

More information about the NACDB is available at www.nacdb.com or by calling (866) 416-2232.
